

## **NORFOLK RECREATION'S COVID-19 PROTOCOL:**

The health, well-being, and safety of our participants has always been and always will be our top priority. We take the following measures to best assure that we limit, and hopefully stop, the spread of COVID-19:

- ◆ **Require mask wearing indoors at all times other than at designated eating, drinking, and mask break times for participants 3 yrs. and over.**  
*For younger children, we understand that mask wearing may be challenging. Our goal is to work with children in a positive and reassuring way so they become comfortable with masks.*
- ◆ **Encourage frequent and accessible hand-washing and hand sanitizing.**
- ◆ **Have air purification systems running in all indoor locations.**
- ◆ **We have programs outdoors and/or circulate air from outdoors as much as possible (we keep window and doors open)**
- ◆ **We provide new, clean masks if needed**
- ◆ **Inside locations are sanitized at the end of each and/or before the next group arrives.**
- ◆ **High touch areas are sanitized throughout the day.**
- ◆ **Each child has their own supplies when possible. When supplies and/or equipment are shared they are sanitized in between uses.**
- ◆ **Norfolk Recreation abides by the current State's requirements regarding group size, physical distancing, & sanitation.**
- ◆ **Norfolk Staff is fully vaccinated.**

### **WE ASK YOU TO DO THE FOLLOWING:**

- ◆ **Provide at least an extra clean mask for programs**
  - ◆ **Provide enough water for your child for the duration of a program (other than for programs where we provide such as Practicing Preschool or if noted)**
- ◆ **Please stay home if you or your child have questionable symptoms relating to COVID-19 or have been exposed to someone with questionable symptoms.**
